

# Stratus ES/ESG Approved Model List

## Cessna

172, 172A, 172B, 172C, 172D, 172E, 172F, 172G, 172H, 172I, 172K, 172L, 172M, 172N, 172P, 172Q, 172R, 172S  
182, 182A, 182B, 182C, 182D, 182E, 182F, 182G, 182H, 182J, 182S, 182T, 182K, 182L, 182M, 182N, 182P, 182Q,  
182R, R182, T182, TR182, T182T

150, 150A, 150B, 150C, 150D, 150E, 150F, 150G, 150H, 150J, 150K, A150K, 150L, A150L, 150M, A150M, 152,  
A152

210, 210A, 210B, 210C, 210D, 210E, 210F, T210F, 210G, T210G, 210H, T210H, 210J, T210J, 210K, T210K, 210L,  
T210L, 210M, T210M, 210N, P210N, T210N, 210R, P210R, T210R, 210-5 (205), 210-5A (205A)

185, 185A, 185B, 185C, 185D, 185E, A185E, A185F

180, 180A, 180B, 180C, 180D, 180E, 180F, 180G, 180H, 180J, 180K

401, 401A, 401B, 402, 402A, 402B, 402C, 411, 411A, 414, 414A, 421, 421A, 421B, 421C, 425

177, 177A, 177B

120, 140

170, 170A, 170B

## Piper

PA-28-140, PA-28-150, PA-28-151, PA-28-160, PA-28-161, PA-28-180, PA-28-181, PA-28-235, PA-28-236, PA-  
28-201T, PA-28R-180, PA-28R-200, PA-28R-201, PA-28R-201T, PA-28RT-201, PA-28RT-201T, PA-28S-160, PA-  
28S-180

PA-16, PA-16S

PA-25, PA-25-235, PA-25-260

PA-38-112

PA-30, PA-39, PA-40

## Mooney

M20, M20A, M20B, M20C, M20D, M20E, M20F, M20G, M20J, M20K, M20L, M20M, M20R, M20S, M20TN,  
M20U, M20V

## Cirrus

SR20, SR22, SR22T

## Diamond

DA20-A1, DA20-CI

DA 40, DA 40 F, DA 40NG

## AeroSedan (Aeronca)

15AC, S15AC

## Beechcraft

35-33, 35-A33, 35-B33, 35-C33, E33, E33A, E33C, F33, F33A, F33C, G33, H35, G36, J35, K35, M35, N35, P35,  
V35, V35A, V35B, 36, A36, A36TC, B36TC

35, A35, B35, C35, D35, E35, F35, G35, 35R

### **Want to install Stratus ES/ESG, but don't see your airplane on the list?**

Not to worry — we have good news. Even while we're building the STC AML, you'll have no trouble getting Stratus ES/ESG installed in your Part 23 aircraft, based on our lead STC. The FAA created a policy to make it simple to use the lead STC to install ADS-B Out equipment on additional Part 23 air frames. (Part 23 includes most general aviation aircraft). This policy was designed to keep ADS-B installs moving smoothly and make things easier for your installer.
